## FIRST GRADUATION HELD AT TELSTAR LAST FRIDAY

Shortly after eight o'clock last Friday evening, June 13, members of the first graduating class of Telstar Regional High School marched into a school gymnasium illuminated by candles and battery-powered emergency lights. A power failure had occurred some two hours before as electrical storms were prevalent in the area. Power was restored shortly before diplomas were to be awarded.

In the principal address of the evening Congressman William Hathaway told the graduating class that "Our age is likely the brightest, yet the blackest, the most creative, yet the most destructive, the most humanitarian and yet the most barbarous, the most religious yet the most pagan. A race preserves its vigor as long as it harbors a real contrast between what has been and what may be; and so long as it is served by vigor to adventures, beyond the safety of the past."

He said that the older generation has searched for answers to the nation's social problems and that "it is up to you to continue the search for these important answers."

Richard McCann, Telstar assistant principal, acted as master of ceremonies for the evening. Rev. Nathaniel Pearson of Andover, gave the invocation, and Rev. Beatrice Burris of West Bethel rendered the benediction. Principal C. Richard Vaughan announced awards and scholarships earned by the graduates and Ralph K. Ryder, SAD 44 superintendent, presented the diplomas.

Musical selections were "Our Graduation Day," by the Telstar Chorus, and "The Impossible Dream," a solo by Dorothy Lovejoy.

An honorary diploma was presented Rev. Everett A. Rockwell of Newport, Vt., grandfather of Karen Keniston, a graduating senior. Rev. Rockwell holds a college degree but never graduated from high school.

Philip House of Bryant Pond served as pianist for the procession, and after power was restored, organist for the recessional.

## COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

We will be tarring driveways the next two weeks if the weather permits. The plans are to do all our work in that period.

Several from town, representing various organizations and local government were in Norway Tuesday night attending a meeting of several towns in the area to discuss the need and possible alternative methods of providing ambulance service after Dec. 31 when our local service and the one in the South Paris-Norway area suspend their operations.

The major problem to be faced is the personnel to man a vehicle if the town should decide to provide the service on a volunteer basis. Contracted service would appear to be prohibitive from the financial point of view.

Other means of providing service would be to incorporate in into a full time police or fireman's duties. If this were done several people would have to be hired to assume these positions which would increase the costs to a considerable degree.

There are more meetings planned for the area, also there will have to be studies made locally to decide which method will best suit our needs.

A properly organized and equipped volunteer group would be the most practical for the number of people served, if there were enough interested to provide the personnel.

Elwyn N. Dickey

## SAD 44 DIRECTORS ADOPT MILITARY LEAVE OF ABSENCE POLICY AT MONDAY MEETING

Meeting at Telstar Regional High School on Monday evening of this week the SAD 44 directors adopted a policy relative to teachers required to undergo training periodically in a military reserve unit.

The policy adopted is as follows: a. **Military Leave of Absence:** Any teacher in School Administrative District #44, who is a member of the National Guard or other authorized state military or naval force or National Reserves, may have seventeen (17) days of leave annually for trainings sessions without net loss of income, provided the teacher makes a reasonable effort to perform such training during periods when school is not in session.

The board deferred action on the resignation of Jack Rendall, bookkeeper-accountant of the district, until the next meeting. The superintendent was given authority to hire a bookkeeper-accountant at his discretion up to a salary equal to that now paid for the position.

A report on the tentative pupil-teacher ratio in the district's elementary school in 1969-70, prepared by Roger Spugnardi, elementary supervisor, was presented to the board by Ralph Ryder, superintendent.

A tentative pupil-teacher ratio for the next school year at Telstar Regional High School, was presented by C. Richard Vaughan, principal. He stated that a more detailed report would be submitted within a month on all the course breakdowns.

John Ricker of Andover gave a report on the Maine State School Board Delegate Assembly that he attended earlier this month in Orono. It was his belief that resolutions presented were too wordy and references to teacher "unionism" were overemphasized. He felt that the resolutions committee should do more work prior to Assembly, that the Region IX executive committee should be strengthened, and that the State Association requires a full-time executive secretary.

A letter was presented from the Canal National Bank indicating that interest rates would possibly be higher when the district's bond anticipation notes come due August 1. Also Mr. Ryder presented a preliminary survey from the Region IX secretary in regard to area bus purchasing, school supplies, teacher recruitment, salary schedules, and workshops for board members.

Thirteen board members attended the meeting. Directors not present: Eddie Snyder, Andover; William Cousins and Donald Stecher, Bethel. The next regular meeting of the SAD 44 board will be held Monday evening, July 7, at 7:30 in the Lecture Room at Telstar Regional High School.

There will be a parish family supper Sunday evening at 6:30 at the United Methodist Church. Anyone not solicited should bring a hot dish or salad.

## SEEK SUPPORT FOR C. OF C. AUCTION SCHEDULED FOR SATURDAY, JUNE 28

More items are needed for the Greater Bethel Chamber of Commerce Auction scheduled for June 28. Any people in the area who have items that they have been saving, but have forgotten why, that would be suitable are asked to contact one of the persons listed in an advertisement elsewhere on this page.

Local businesses are to be contacted by Edmond Vachon and Dexter Stowell. It is thought by Chamber officials that businesses and merchants will be able to offer items for the auction that can be secured through their supplier. One section of the auction will be devoted to new items and those donating will be listed in next week's Citizen.

Committee members are to meet at the Douglass barn next Tuesday evening at 6:30 to sort materials obtained.

Meeting at the Bethel Inn with Chamber President Blaine Moores on Sunday evening to discuss this project were Dick James, Ron Kendall, Bruce Bailey, Arnel Brown and John Brown.

## DRIVER EDUCATION COURSE UNDERWAY AT TELSTAR

A course in driver education, given by Ralph Niemi, Telstar instructor of business subjects, got underway Monday with thirty-two students in attendance.

All students meet for class instruction from 8 to 9 o'clock. Then for actual driving practice the class is divided into groups of four. The training vehicle is an LTD Ford, to quote Mr. Niemi, "not a scratch on it—yet!"

Mr. Niemi reports that his students seem very industrious and he expects them to do well. Besides classroom work and practice driving, he has several projects lined up. The class will hear several speakers, a representative of the State Police and Ronald Kendall, insurance agent, among others. The class will also visit court and conduct traffic surveys before the course ends on July 18.

In about three weeks another division of the course in driver education will be started. This course, which will follow the same type of program, will also have 32 students, and its instructor will be Peter Brown of the Telstar Regional High School English Department.

Major Scott Gurney of Alaska is visiting this week with his mother, Mrs. Gladys Gurney. Mr. and Mrs. Samuel Sullman and son, David, of Alexandria, Va., are expected on Thursday at the home of Mrs. Gurney.

Among those camping at Littlefield Beaches for the summer from Bethel are Mr. and Mrs. Richard Blake, Jr., and family, Mr. and Mrs. Roger Conant, Mr. and Mrs. George Merrill and Carolee, and Mrs. Grace Hulbert.

The invitation has been accepted and the first article will appear next week on the topic, "Basic concepts in Guidance from Kindergarten through grade twelve." The comments on Guidance, Kindergarten through grade six will not in any way reflect the type of the program that will be instituted by Mr. Leonard Brooks, Director in Elementary Guidance in the SAD 44 school system this fall. It is anticipated that any material in guidance as reported through this column will state a sound philosophy of guidance and will be of informational nature to parents, students and readers.

Summer schools outside of Bethel for high school students for make-up credit or educational advancement will start on June 23 or 30th. Any high school student interested should contact Mr. Glazier immediately. The majority of the schools available are for students who live on the campus during the summer school season.

### The Boy Who Didn't Pass

A sad-faced little fellow sits alone in deep disgrace,  
There's a lump arising in his throat,  
Tears streaming down his face;  
He wandered from his playmates, for he doesn't want to hear  
Their shouts of merry laughter,  
since the world has lost its cheer;  
He has slipped the cup of sorrow,  
he has drained the bitter glass,  
And his heart is fairly breaking;  
he's the boy who didn't pass.

In the apple tree the robin sings a cheery little song,  
But he doesn't seem to hear it, showing plainly something's wrong;  
Comes his faithful little spaniel for a romp and bit of play,  
But the troubled little fellow sternly bids him go away.  
All alone he sits in sorrow, with his hair a tangled mass,  
And his eyes are red with weeping;  
he's the boy who didn't pass.

How he hates himself for failing,  
he can hear his playmates jeer,  
For they've left him with the dullards — gone ahead a half a year,  
And he tried so hard to conquer, oh,  
he tried to do his best,  
But now he knows, he's weaker,  
yes, duller than the rest,  
He's ashamed to tell his mother, for he thinks she'll hate him, too —  
The little boy who didn't pass,  
who failed of getting through.

Oh, you who boast a laughing son,  
and speak of him as bright,  
And you who love a little girl who comes to you at night  
With smiling eyes, with dancing feet, with honors from her school  
Turn to that lonely little boy who thinks he is a fool,  
And take him kindly by the hand,  
the dullest in the class,  
He is the one who most needs love,  
the boy who didn't pass.

### GREENWOOD CITY

— Mrs. Collis Morgan, Corres. —

Today as I walked in my garden a waft of perfume aroused some hidden link of association—the smell of lilacs. I at once thought of that memorable visit to the Lilac Farm. So many colors! Their scent was cool and mysterious, one of the most romantic smells. They reminded me of a deserted garden where genteel ladies walk in the moonlight in long full skirts, puffed sleeves and dainty little bonnets.

The wine and lavender colors spread their dusk all day while everywhere was mingled the white, so pure, so delicate, lifting their dreamy clusters of pearls to the sky. Even the rocks and walls were gently blurred with silver green lichens and hundreds of tiny plants were holding precariously here and there.

Then turning a corner in the path I saw them!—beautiful spruces so green, so wide and so tall. I threw back my head to see the last sunset light sweeping through their branches. My feet on the soft carpet made not a sound. These soldiers bold and high stood watch over a fairytale of color and a little house with lilacs laughing at its door.

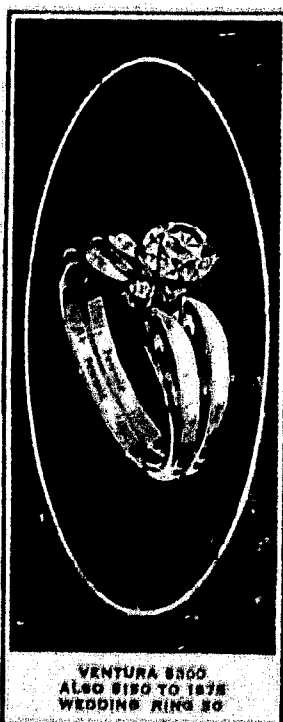

Then we left in this beautiful evening so calm and free. We were breathless with adoration while the sun sank down into tranquility, a single globe of gold.

"A lovelier thing was never seen Than this—a lilac bush in flower— This trembling mass of leaf and bloom. All dripping in a warm June shower.

And from the heart of it there comes A thrush song throbbing rich and full. As if he, divined in it The wonder of a miracle. —Patience Strong
